THE HOME OF WOODWORKING

ZETSAW
Japanese Crosscut Carpenters Saw - 300 mm

Part No. **Z-15011**

Blade for Z-15011 Japanese Universal Saw

Part No. **Z-15012** (Fine)

Blade for Z-15011 Japanese Carpenter's Rip Saw

Part No. **Z-15013** (Coarse)

ZETSAW
Japanese Crosscut Carpenters Saw - 250 mm

Part No. **Z-15006**

Blade for Z-15006 Japanese Universal Saw H-250

Part No. **Z-15007** (Fine)

ZETSAW
Japanese Fine Tooth Joinery Saw - 240 mm

Part No. **Z-7029**

Blade for Z-7029 Japanese Fine Tooth Joinery Saw

Part No. **Z-7030**

ZETSAW
Japanese General Purpose Saw - 150 mm

Part No. **Z-7010**

Blade for Z-7010 Japanese General Purpose Saw

Part No. **Z-7011**

ZETSAW
Japanese Double-Sided Flush Cutting Saw

Part No. **Z-1500**

Double-Sided Flush Cutting Replacement Blade:

Part No. **Z-1510**

ZETSAW
Japanese Single-Sided Flush Cutting Saw

Part No. **Z-150S**

Single Sided Flush Cutting Replacement Blade:

Part No. **Z-151S**

PAX SAWS
Veneer Saw

Part No. **PAX-VS**

PAX SAWS
8" Gents Saw

Part No. **PAX-G8**

PAX SAWS
22" Handsaw

Part No. **PAX-22**

PEGAS
HD Coping Saw

Part No. **PEG-49-711**

PEGAS
Premium Swiss Jewellers Saw Frame

Part No. **PEG-49-721**

PAX SAWS
12" Tenon Saw

Part No. **PAX-T12**

TOPMAN
Square Head Hammer - 115 g
 Part No. **JH-115**
 Also available in 225 g
 Part No. **JH-225**

CARBATEC
Wooden Carpenter's Mallet - 113 mm
 Part No. **CT-260420**

VERITAS
Cabinetmakers Mallet
 Part No. **05E15-01**

CARBATEC
Deadblow Hammer - 500 g
 Part No. **PU-038**
 Also available in 920 g - Part No. **PU-050**

GROZ
Nail Punch - Set of 3
 Part No. **GZ-25366**

NEW!
VERITAS
Journeyman's Small Mallet
 31 mm, 340 g
 Part No. **05K15-01**

NEW!
VERITAS
Journeyman's Large Mallet
 41 mm, 510 g
 Part No. **05K15-03**

NEW!
CARBATEC
Automatic Centre Punch Tool
 Part No. **CT-ACP**

NEW!

- 1** NAREX 140 mm Traditional Carpenters Mallet - Part No. **NRX-825300**
- 2** NAREX 290 mm Anti-Reflex Bounceless Mallet - Part No. **NRX-875102**
- 3** NAREX 170 mm Traditional Joiners Mallet - Part No. **NRX-825110**
- 4** NAREX Conical Scratch Awl - Part No. **NRX-874610**
- 5** NAREX Marking Knife - Part No. **NRX-822301**

KUTZALL

SawStop's patented safety system stops a spinning blade on contact with skin. The blade stops in less than 5 milliseconds and drops below the table, minimising a potentially life-altering injury to a mere scratch.

SAWSTOP PROFESSIONAL Cabinet Saw with 36" T-Glide Rail

Part No. **SST-PCS36TGLIDE**

- 2200 W (3 HP) induction
- Max rip capacity: 914 mm
- Footprint (WxDxH): 1770x1060x1050 mm

Also available:

- Professional Cabinet Saw with 30" Premium Rail (SST-ICS52TGLIDE)
- Professional Cabinet Saw with 52" T-Glide Rail (SST-PCS52TGLIDE)

SAWSTOP INDUSTRIAL Cabinet Saw with 36" T-Glide Rail

Part No. **SST-ICS36TGLIDE**

- 2200 W (3 HP) induction
- Max rip capacity: 914 mm
- Bigger hand wheels, larger motor access door, second access door
- Perfect for high cycle environments
- 90 kg+ of cast iron and steel
- Thicker and deeper cast iron table
- Larger and deeper T-Glide fence
- Safety switch on access doors
- Footprint (WxDxH): 1755x1015 mm

Also available:

- Industrial Cabinet Saw with 52" T-Glide Rail (SST-ICS52TGLIDE)
- 3 Phase Industrial Cabinet Saw with 36" Industrial Fence (SST-ICS36TGLIDE3)
- Industrial Cabinet Saw 5HP 415V 3PH with 52" Premium T-Glide Fence System (SST-ICS52TGLIDE3)

 - Max. cutting width 508 mm
 - Integral digital height gauge

CARBATEC
20" 3 ½ HP Thicknesser with
Helical Cutterhead

- Part No. **TH-X508C**
- 2600 W (3 ½ HP) induction motor
 - True helical cutterhead with 98 insert knives
 - Max. cutting width 508 mm

Also available:
20" 5 HP Thicknesser with Helical
Cutterhead 3 Phase
Part No. **TH-X508C-3P**

NEW!

Best value replacement carbide inserts
now available.

Carbatec Premium Carbide Inserts
14.33x2mm Square - 2 edges
Pk10

Part No. **CTI-143320-Z2**
Available in 6 varieties.

carbatec

CARBATEC
15" 3 ½ HP Thicknesser
with Helical Cutterhead

- Part No. **TH-X381C**
- 2600 W (3 1/2 HP) induction motor
 - True helical cutterhead with 74 insert knives
 - Max. cutting width 381 mm

Instead of one full width blade striking the board, a true helical cutterhead features a series of smaller, four-sided solid carbide knives, wrapped around the cutterhead in a helical pattern. They carefully 'slice' their way through even the hardest of timber grain. Far quieter, far smoother finish than with a single blade.

Schools switch options are available. Please contact us for further information.

*Carbatec supplied machinery meet all applicable Australian standards. Please confirm that individual specifications meet relevant State or Territory specific school OHS Requirements.

LAGUNA
6" Jointer - Helical Head / Parallelogram Bed

Nova Drill Presses

The world's most advanced drill press range, with unparalleled performance and versatility. Designed to handle a wide variety of materials with ease, using powerful direct drive motor technology. They run quieter and without vibration due to their belt-less design. RPM and torque are computer controlled. Electronic variable speed control in both forward and reverse directions and automatic cut off at preselected depth.

carbatec

CARBATEC
400 mm Variable Speed Scroll
Saw with Rotary Tool
Part No. **SS-400H**

SS-400H

There's no better machine for making small or intricate projects, such as toys, puzzles, signs or ornaments, than a scroll saw! SS-400H features an integrated foot switch for hands-free switching and control. A flexible and detachable rotary tool is included to help add some personal touches to your work, sand, grind and even drill some small starter holes so you can experiment with pinhole and intricate scrolling.

Pégas®
SWISS BLADES

A comprehensive selection of scroll saw blades is available. Please contact us or visit our website for further information.

SS-530C

This Carbatec scroll saw has been at the forefront of scroll saw technology for many years. Unlike other scroll saws, this machine has a tilting upper and lower arm instead of a tilting table. The operator can retain their natural stance for greater control, accuracy and safety.

carbatec

CARBATEC
21"
Variable Speed
Scroll Saw
Part No.
SS-530C

- 150 W (1/2 HP)
- Head tilts, not the table
- Most popular size
- Steel plate 345x597 mm
- 18 mm blade stroke
- 51 mm depth of cut

LAGUNA

Cyclone Dust Extractors

The particles in a cyclonic swirl increase in velocity, creating higher CFM (Cubic Feet per Minute) and higher static pressure.

Larger and heavier particles slow down when meeting the crossbar and settle in the drum. Only the finer dust gets carried with the air stream up through the centre vane, through to the filter. All workshop air is returned filtered through the HEPA or 1 Micron canister.

- ① **L-shaped dual mount motor bracket**
Reduces vibration with oversized vertical bracket
 - ② **One-piece main plenum allows direct airflow**
Helps reduce resistance
 - ③ **Radial steel fan**
Balanced to ISO 1940 standards
 - ④ **Splitter inlet and sealed cap**
Made of rubber, not hard plastic
 - ⑤ **Filter surface area up to 120% larger than competitors**
Canister paper made in Denmark
 - ⑥ **Ingenious lift system eliminates flex hose**
Patented lift design creates strong seal
 - ⑦ **High quality swiveling casters**
4" diameter and 3" diameter drum casters
- Newly designed dual paddles**
Provides twice the cleaning

LAGUNA
P-FLUX 1 Series Cyclone Dust Extractor

Part No. **LGT-PFLUX1B**

- 1100 W (1-1/2 HP) induction motor

- Footprint (W×D×H): 560×850×1950 mm

**CARBATEC
500 CFM Under Bench Dust Collector**

Part No. **DC-F500H**

- 750 W (1 HP) induction motor
- Can be wall mounted
- Optional cartridge filter available
- 500 CFM max. airflow
- Single 4" inlet
- Footprint (W×D×H): 450×1200×390 mm

Why a dust-collector?

A clean, dust-free work place is not only safer, but far less work in the long run. There is less clean-up and less airborne dust, which is very important when it comes to the finishing stage and your health. Carbatec offer many options in dust collection from small units designed for single machines to large units capable of connection to multiple machines.

carbatec

**CARBATEC
850 CFM Portable
Cyclone Dust Collector**

Part No. **CDC-850P**

LAGUNA
Revo 12/16 Midi Lathe CE Model*

Part No. **LGT-REVO-1216**

- 750 W (1 HP) induction motor
- 50-3000 rpm variable speed
- 24 position indexing
- 640 mm between centres
- 405 mm swing over capacity
- Footprint (W×D×H): 750×226×442 mm (without stand)

LAGUNA
Revo 18/36 Lathe CE Model*

Part No. **LGT-REVO-1836**

- 1500 W (2 HP) induction motor
- 50-3500 rpm variable speed
- 14/36/48 position indexing
- 910 mm between centres
- 450 mm swing over capacity
- Footprint (W×D×H): 1524×660×1194 mm

LAGUNA
Revo 24/36 Lathe CE Model

Part No. **LGT-REVO-2436**

- 2200 W (3 HP) induction motor
- 50-3500 rpm variable speed
- 14/36/48 position indexing
- 910 mm between centres
- 610 mm swing over capacity
- Footprint (W×D×H): 1524×660×1270 mm

NOVA
Comet II DR Midi Lathe EVS with Digital Readout

Part No. **TK-COMET-DR**

- 550 W (3/4 HP) brushed motor
- 240-4000 rpm variable speed
- 12 position indexing
- 419 mm between centres
- 300 mm swing over capacity
- Footprint (W×D×H): 850×300×420 mm

NOVA
Orion 18"x 22" DVR Lathe

Part No. **TK-ORION**

- 1500 W (2 HP) direct drive motor
- 100-5000 rpm variable speed
- 24 position indexing
- 578 mm between centres
- 457 mm swing over capacity
- Footprint (W×D×H): 1130×597×1245 mm

Woodturning is having a massive resurgence in popularity. Your project can be started and completed in a day with only a few basic tools and a lathe, available in a variety of sizes and configurations.

Mini Lathes are usually designed to be light enough to be moved onto a workbench and stored away when not being used. When choosing your mini lathe, consider its 'swing-over' capacity, and the maximum length between the head and tail stocks. This will dictate the maximum length of your completed project. It's a great start on your journey to learn to turn, with models available for just a few hundred dollars.

Midi lathes offer some extra 'swing-over' capacity and extra power. They can also be a full featured, full-size lathe, with a modified and shortened bed, giving you a compact footprint but more versatile machine. It's a great upgrade up from a mini lathe, where your skills are growing, but your workshop space isn't.

Full-sized lathes are for many turners the first and the last lathe they ever buy. Where space permits, a full-sized lathe is just as capable at small, intricate project work as it is at creating a four-poster bed. The widest choice of features, drive types, power etc. Many have outboard turning capabilities, to allow turning pieces of a very large diameter. Higher power for great control and quicker work.

Schools switch options are available - please contact us for further information.

*Carbatec supplied Machinery meet all applicable Australian Standards. Please confirm that individual specifications meet relevant State or Territory specific school OHS Requirements.

carbatec

**CARBATEC
Benchtop Lathe**

Part No. **WL-B1220H**

- 925 W input / 750 W (1 HP) universal motor
- 300-3500 rpm variable speed with digital readout
- 535 mm between centres
- 305 mm swing over capacity
- Footprint (W×D×H): 1030×310×410 mm

**CARBATEC
Benchtop Lathe**

Part No. **WL-B1420P**

- 1 HP induction motor with delta VFD (Variable Frequency Drive)
- 50-3200 rpm variable speed with digital readout
- 510 mm between centres
- 355 mm swing over capacity
- Footprint (W×D×H): 1090×410×480 mm

**CARBATEC
Economy 900 mm
Variable Speed Wood Lathe**

Part No. **WL-900H**

- 560 W (3/4 HP) induction motor
- 500-2000 rpm variable speed
- 840 mm between centres
- 300 mm swing over capacity
- Footprint (W×D×H): 1600×400×1120 mm

**CARBATEC
Economy 1100 mm
Variable Speed Wood Lathe**

Part No. **WL-1100P**

- 1100 W (1-1/2 HP) induction motor
- 500-2000 rpm variable speed
- 1130 mm between centres
- 410 mm swing over capacity
- Footprint (W×D×H): 2000×450×1200 mm

**CARBATEC
Electronic Variable Speed
Compact Floor Lathe**

Part No. **WL-1324P**

- 750 W (1 HP) Servo induction motor with VFD (inverter)
- 100-3250 rpm variable speed
- 540 mm between centres
- 328 mm swing over capacity
- Footprint (W×D×H): 1290×580×1090 mm

**CARBATEC
Deluxe Electronic Variable Speed
Floor Model Lathe**

Part No. **WL-1624P**

- 1500 W (2 HP) induction motor with Delta VFD (inverter)
- 100-3000 rpm over two belt ranges
- 560 mm between centres
- 408 mm swing over capacity
- Footprint (W×D×H): 1570×580×1230 mm

RAMIA[®] WORKBENCH

Ramia workbenches beat building your own! They are faster, cost-effective, and come in a variety of options. Made with solid Birch wood, they are easy to assemble and boast beautiful finishes. Find them at Carbatec along with cabinets and accessories.

**SCHOOL
PREFERRED**

NEW!

RAMIA[®] WORKBENCH

RAMIA Quad Teaching Workbench - SCHOOL Series

Part No. **RM-SCH-X**

- 4 vices (190 mm capacity)
- 40 mm thick worktop
- Pre-drilled bench dog holes for each vice
- Shared tool well in the centre
- 8 round bench dogs included

RM-SCH-X

This 1200 mm square worktop is great for introducing students to woodworking. The timber-jawed, metal woodworking vices are robust enough for new woodworkers but won't damage their work. Sturdy timber legs provide a stable base for this workbench. Optional adjustable steel legs and locking storage cupboards are also available.

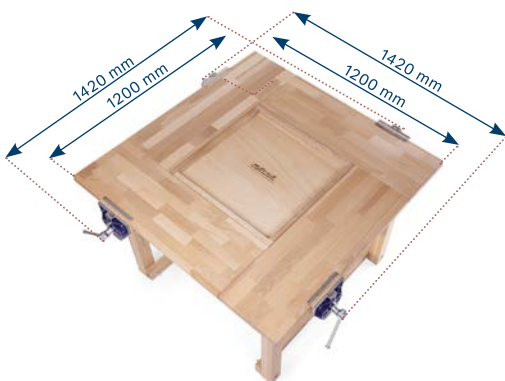

Shown with optional adjustable steel legs

Part No. **RM-STEEL**

Shown with optional locking cabinet

Part No. **RM-SCH-XZ**

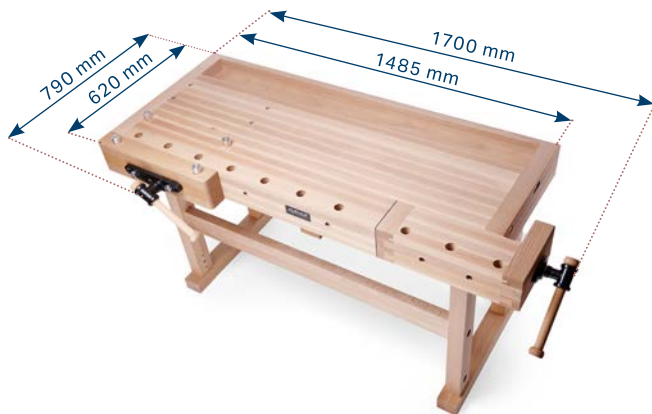

RM-PRO-ASM1700
 Designed for the exacting woodworker, this premium workbench features two traditional vices (front and tail) and a 50 mm worktop. Weighing in at 90kg, this bench provides a stable platform for your most demanding projects.

NEW!

**RAMIA

Shown with optional locking cabinet

Part No. **RM-HB-II**

RM-HB-D1800

A versatile workbench at a reasonable price. It comes with two traditional front woodworking vices and has four mounting locations, so the vices can be mounted to suit your workshop needs and personal preference. The worktop has two rows of pre-drilled dog holes, a tool storage shelf and features a tool well in the back.

- Easy to assemble and disassemble yet stable enough for demanding projects
- 4 round bench dogs included

**RAMIA
WORKBENCH**

RM-HB-FF

This workbench is remarkably stable for such a portable and convenient platform. The 30 mm worktop securely fastens to the support legs providing a sturdy platform for your latest project. Dog holes and a front vice offer quick, convenient clamping. When your project is complete, this bench quickly disassembles and can be stored out of the way.
