# FREE POSTAGE

When you spend \$200 or more  
ON ORDERS UNDER 28KG\*

## We are excited to launch our FREE POSTAGE offer!

Simply purchase \$200 or more of products from Carbatec online, in participating stores or via phone and if your total order is under 28kg and under 1.2 meters you will receive Free Postage via Australia Post.

### To qualify for Free Postage orders must be:

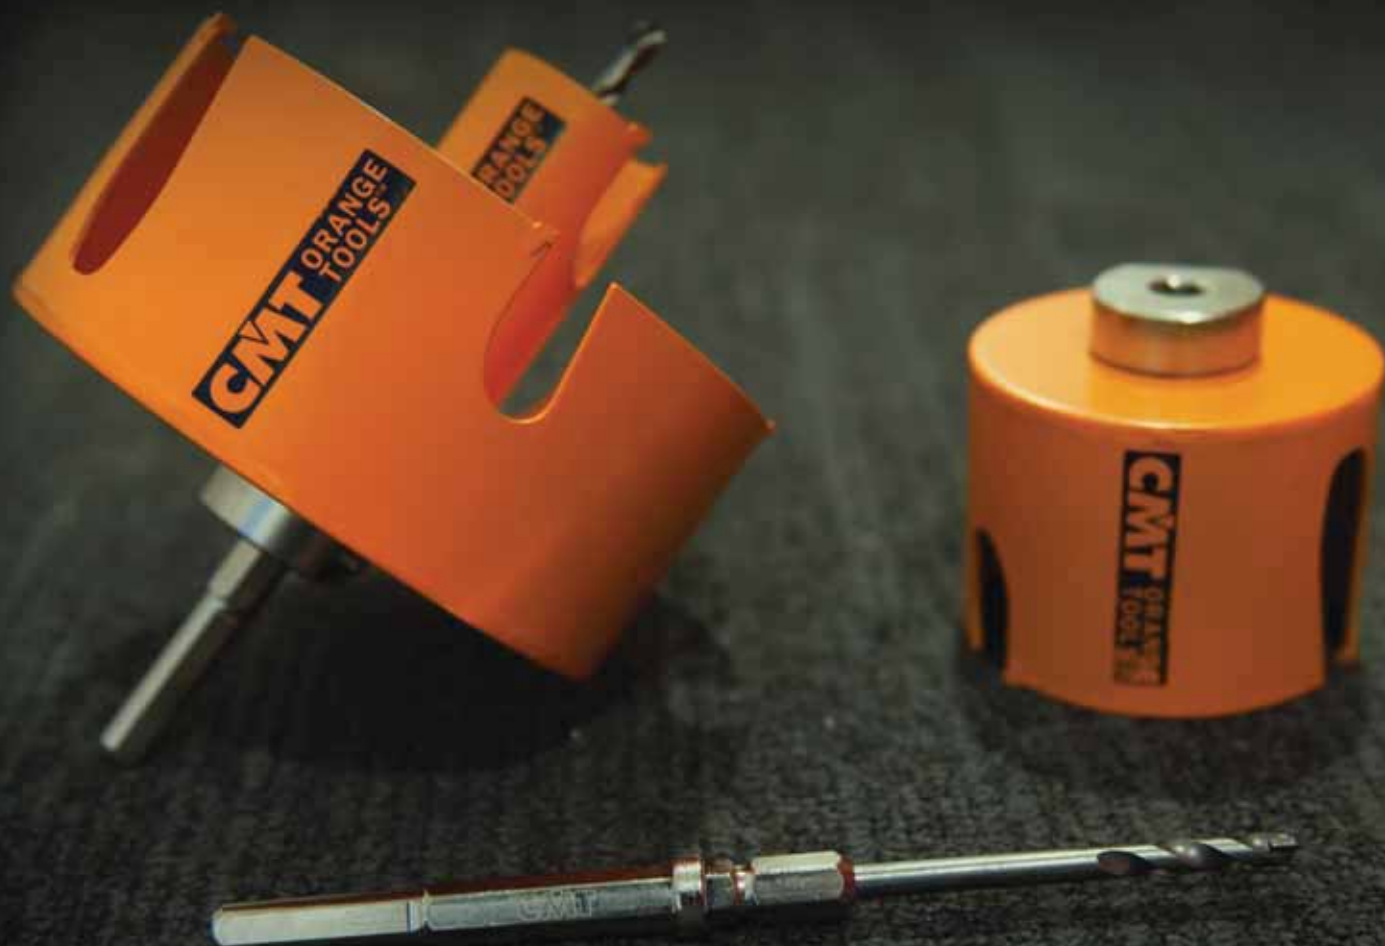

- Over \$200 worth of products
- Under 28kg in weight
- Under 1.2 meters long
- Delivered to an Australian Address
- Paid in-full prior to shipping
- Placed after the 1st October 2015

### The following exclusions apply:

- Any goods deemed 'Dangerous Goods' by Australia Post (including flammable goods and magnets)
- Bulky orders that exceed the weight and length restrictions
- Reseller / Dealer orders
- Purchases made through independent Carbatec stores: Perth, Launceston & Auckland
- Purchases made through Carbatec NZ website [www.carbatec.co.nz](http://www.carbatec.co.nz)

Offer valid online via [www.carbatec.com.au](http://www.carbatec.com.au), by Phone 1800 658 111 and at participating stores (Brisbane, Melbourne, Adelaide & Sydney). When purchasing online at [www.carbatec.com.au](http://www.carbatec.com.au), your order will be automatically calculated for eligibility at the checkout. If your order is eligible based on the criteria listed above, a FREE POSTAGE option will be available to select from the freight options. If it is not eligible, all other available freight options will appear. If purchasing via a phone order or directly in-store, please mention the offer to the customer service member who will apply the free postage offer.

# Get Crafty for Christmas

## JET 16" VARIABLE SPEED SCROLL SAW

This Jet 16" Scroll Saw is the perfect start for anyone who wants to start exploring the craft of scroll sawing. Standard with variable speed control, tilting table, big transparent blade guard and workpiece holddown for safety.

### FEATURES INCLUDE:

- Variable speed: 400 - 1600spm
- Motor: 90W
- Tilting table: 45° left, 10° right
- Quick release blade tension knob for quick and easy blade change
- Dust port and blower

CODE: JET-JSS16

**ONLY \$184**

## GENERAL 21" VARIABLE SPEED SCROLL SAW

This 21" General Scroll Saw, unlike other Scroll Saws, has a tilting upper and lower arm instead of a tilting table allowing the user to maintain their natural stance for greater control, accuracy and safety.

### FEATURES INCLUDE:

- Variable speed: 400 - 1550spm
- Motor: 50W
- No tools quick blade changes with finger operated blade clamps
- Head tilts 45° left & right tilting blade not table
- Organised blade storage on base
- Onboard dust blower

CODE: CTEX-21CEC Reg. \$1,099

**ON SALE \$949**

**SAVE \$150**

A Scroll Saw is the perfect piece of equipment for cutting intricate curves, joints and patterns for a range of craft projects and gifts including wooden Christmas decorations (pictured). Scroll saws are not only quick and accurate but many are transportable and easily used on a table/bench top.

'Price Shavings' are available online, by phone on 1800 658 111 and in participating stores: Brisbane, Sydney, Melbourne, Adelaide, & Launceston.

SAVE  
\$60

### JET MIDI LATHE

ELECTRONIC VARIABLE SPEED PLUS WORK LIGHT

Featuring Electronic Variable Speed and a Work Light, this Jet Lathe offers a heavy-duty cast iron lathe bed, headstock and tailstock ensures stability, rigidity, strength and minimal operating vibration. Quick release levers allow for easy & accurate positioning of tool rest and tailstock. Solid tailstock contains live centre and offers 50 mm of travel. Perfect for woodturners of all abilities.

CODE: JET-JWL1220VS Reg. \$1,059

**ON SALE \$999**

Use a Lathe to turn Christmas Gifts such as bowls, ornamental art, pepper grinders and lazy susan service trays. Or use one of our Craft Kits to make individual pens, letter openers, shaving sets, keyrings and kitchen accessories. (See over for our Craft range on special for November).

### JET MINI LATHE

Perfect for the pen turner or hobbyist starting out in woodturning this Jet Mini Lathe features heavy-duty cast iron bed, headstock and tailstock for stability, rigidity, strength and minimal vibration. The quick release levers allows for easy, accurate positioning of tool rest and tailstock, while the adjustment handle allows easy tilt motor when changing speeds. The solid tailstock contains live centre offering 50mm of travel.

CODE: JET-JML1014I

**ONLY \$529**

### SILVERGLIDE DRY SLIP 250ML

Useful in a myriad of applications, mainly to protect cast iron tops from rust. It can also provide lubrication for highly resinous timbers while machining them on table saws, jointers, etc. Simply apply with a rag to a clean, grease-free surface. Sold in 250ml and 1 litre tins.

CODE: SILVERGLIDE-250 Reg. \$35

**ON SALE \$30**

**FREE POSTAGE\*** when you spend \$200 or more on orders under 28kg. See Page 3 for full details.

# Get Crafty for Christmas

## COFFEE SCOOP KIT

A staple for every coffee lover and a perfect compliment to your coffee maker is this 1 Tablespoon Coffee Scoop. Simply turn the wooden handle on this scoop and assemble with the kit parts. Easy to turn single 7mm tube.

CODE: PKCSCOOP Reg. \$18

**ON SALE \$15**

## LAZY SUSAN BEARINGS

Designed to make rotating dinner table pieces. Each rotates on heavy duty steel balls with just a gentle push. Maximum working capacity listed below.

**3" 90kg capacity** CODE: L-33 Reg. \$4 **ON SALE \$3**

**4" 140kg capacity** CODE: L-44 Reg. \$4.50 **ON SALE \$3**

**6" 240kg capacity** CODE: L-66 Reg. \$7 **ON SALE \$5**

## LETTER OPENER

This Letter Opener Kit features 100mm long blade. Turn your own handle to suit 85mm long parts with threaded end cap. 1 Pack.

CODE: LO-A2 Reg. \$17

**ON SALE \$13**

## JJ'S KNIFE KIT

Make your own authentic single blade canoe design knife with this JJ's Knife kit featuring side pieces made of maple and with cherry inlays while the blade is cherry and the spring is maple. Comes with 3 metal pins, 6 wooden knife pieces and complete instructions. Project for 7 years+ with adult supervision.

CODE: JW-JJ1 Reg. \$18

**ON SALE \$14**

## CORKSCREW KIT

**3-1/2" LONG - 5 PACK**

Each top quality tip is 3-1/2" (89mm) long and is coated with nickel.

CODE: IN-122 Reg. \$22

**ON SALE \$18**

## PREMIUM CANDLESTICK KIT

This premium cast brass candlestick kit includes heavy premium cast brass cup and wide 3-1/2" base - you simply turn between centers and assembly.

CODE: PKCANKIT2 Reg. \$21

**ON SALE \$18**

## FIRE STARTER 6,000 STRIKE KIT

Here's a perfect gift idea to make for any camper, hiker or fisherman. The Survival Fire Starter works better than matches and lighters and will function reliably in wet, windy or cold conditions. This project is easy to make just turn a handle between centers, insert the compass at the end of the handle for a finishing touch. Note: requires a 15mm Forstner Bit and 7/16" Drill Bit.

CODE: PKFS6000 Reg. \$24

**ON SALE \$19**

## CLASSIC BRASS CANDLE HOLDER KIT

This Classic Brass Candle Holder Kit with Handle is easily made on a mandrel using 7mm pen-type tubes and bushings.

Use wood blanks with a minimum of 1-1/2 square to turn the centre to make a handmade gift or table decoration.

CODE: PKCANKIT5B Reg. \$21

**ON SALE \$18**

'Price Shavings' are available online, by phone on 1800 658 111 and in participating stores: Brisbane, Sydney, Melbourne, Adelaide, & Launceston.

**PRICE SHAVINGS** | 1st - 30th November 2015 ONLY WHILE STOCKS LAST

## ROBERT SORBY HANDLED TURNMASTER SET

Featuring a patented interchangeable cutter head and a large variety of optional cutters, the TurnMaster is an excellent tool for woodturner who don't have access to sharpening facilities. The TurnMaster is the first in the world to combine three cutting edge technologies in one flexible tool. Cutters are available in tungsten carbide, titanium nitride (TIN) and high speed steel (HSS) providing unsurpassed variety to woodturners at every level. This set includes a complete tool holder with handle (525mm long) and 3 Tungsten Carbide Cutters.

CODE: RSB-HCT123 Reg. \$169

**ON SALE \$145**

## ROBERT SORBY EXCELSIOR SERIES SPINDLE GOUGE

The Robert Sorby range has been designed with the connoisseur woodturner and those who regularly turn hardwoods in mind. A plasma bonded titanium nitride finish layered over traditional triple tempered high-speed steel provides longevity and edge retention.

**3/8"** CODE: RSB-84038. Reg. \$63

**ON SALE \$49**

**3/4"** CODE: RSB-84334 Reg. \$123

**ON SALE \$99**

## ROBERT SORBY SANDMASTER

Used in conjunction with a lathe to put a fine finish on turned pieces. As the disc is spinning it also reduces the clogging of the abrasive. Comes complete with a velcro covered 2" sponge pad for easy changing of abrasive discs (5 different grit adhesives are included). The adjustable head lets turner reach the most inaccessible spots. 3" head and discs can also be easily fitted.

CODE: RSB-410 Reg. \$79

**ON SALE \$74**

## ROBERT SORBY 12 PIECE UNIVERSAL MICRO TURNING SYSTEM

This set of 12 modular micro tools encompasses a range of the most popular micro woodturning blades. Great for a range of projects including spindle turning, hollowing and beading.

CODE: RSB-888SET Reg. \$259

**ON SALE \$205**

## ROBERT SORBY MICRO SPIRALLING TOOL

This Micro Spiralling Tool covers all options for surface decoration and small intricate work. Like the Robert Sorby Spiralling System, this tool incorporates a tool rest guide ensuring correct angle is maintained when producing fine delicate spirals. The system comprises of an aluminium handle, micro spiralling head (shaft and tool rest guide), two micro spiral cutters (fine and medium), two Allen keys and Instructions. Additional texturing cutters are also available separately.

CODE: RSB-370A Reg. \$109

**ON SALE \$89**

'Price Shavings' are available online, by phone on 1800 658 111 and in participating stores: Brisbane, Sydney, Melbourne, Adelaide, & Launceston.

**ROCKLER SILICONE GLUE BRUSH**

A glue brush that you'll never have to throw away! This brush features silicone bristles that are easy to wash with water and quickly shed dried glue for long-lasting service. They're also spaced to hold plenty of wet glue, meaning less time dipping and more time spreading.

CODE: RK-45624 Reg. \$10

**ON SALE \$8.50**

**TITEBOND® II  
 PREMIUM WOODGLUE**

The only leading-brand, single-part glue that passes the ANSI Type II water-resistance specification. It is ideal for exterior woodworking projects. Titebond II Premium provides a strong initial tack, fast setting speed, superior strength and excellent sandability. It is USFDA approved for indirect food contact (cutting boards) and is ideal for radio frequency (RF) gluing systems.

**TITEBOND®  
 ORIGINAL WOODGLUE**

The industry standard woodworking glue. It provides a strong initial tack and sets quickly to minimise clamping time required. It develops a bond that is stronger than the wood itself. It also has excellent sanding properties and is unaffected by finishes. It is suitable for wood, hardboard, particleboard, leather, cloth and most other porous materials. It is easy to use, non-toxic and cleans up easily with water.

THE HOME OF WOODWORKING

# Veritas®

## FEATURE PRODUCT RANGE

Premium quality gift ideas from Veritas

### VERITAS TRI-BURNISHER

Designed to perform the functions of round, triangular and oval burnishers, this one has a mirror finish to guarantee smooth hooks on cabinet scrapers. The unique shape lets you apply the right amount of pressure at each stage of the process on scrapers of all sizes. The superior surface finish is very important to avoid galling and hook tearing. Hardened to Rc 62 - 64, this burnisher is much harder than the scrapers it is used on. Its ample length (11" or 279mm including handle) makes it easier to gauge and hold burnishing angles. Although straightforward in concept, it took Veritas nearly three years to get a mill run of steel to the correct shape and to perfect the polishing process that makes this burnisher the best on the market.

CODE: 05K32-01

**ONLY \$55**

### VERITAS MK II HONING GUIDE

The key to consistent and fast honing is repeatability and this guide delivers it in spades. The main improvement in the MK.II version of the Veritas Honing Guide is its integral blade registration system that squares the blade and sets the bevel angle in one easy step. It features 3 gross bevel-angle range configurations:

- a high-angle range (25° to 54° in seven increments)
- a standard-angle range (15° to 40° in six increments)
- a third range for back bevels.

The guide body has two mating components that lock together precisely secured by a single thumbscrew. The registration jig slides onto the guide body centering and squaring the blade using an integral fence. The blade stop has discrete positions for preset angles. The clamping mechanism registers on the face of the blade (the unbevelled side) and is designed to accept flat and tapered blades as well.

*For Narrow Blades, see the new Narrow Blade Honing Guide attachment (opposite page)*

CODE: 05M09-01

**ONLY \$109**

'Price Shavings' are available online, by phone on 1800 658 111 and in participating stores: Brisbane, Sydney, Melbourne, Adelaide, & Launceston.

## ABOUT VERITAS

Veritas® Tools Inc., based in Ottawa, Canada, is a world leader in woodworking tool design innovation and is the manufacturing arm of Lee Valley Tools Ltd. Lee Valley Tools began designing and manufacturing its own woodworking tools in 1982. In 1985 Lee Valley Manufacturing Ltd. incorporated which later became Veritas® Tools Inc.

Today, with 250 products and more than 100 patents in lines that include woodworking planes, sharpening equipment, marking and measuring tools, router tables, drilling accessories, and more, we have become a leader in product development to meet the needs of discerning woodworkers.

### VERITAS ROUTER PLANE

With a ductile cast iron body accurately machined and ground flat to a high standard; the Veritas router plane is ideal for cutting dadoes and grooves; for inlay or intarsia work; or for cleaning out areas to a precise depth. Blade depth is set with a fine screw feed and a positive locking depth stop sets the depth of cut. A spring loaded collar holds the blade; allowing easy blade adjustment and removal. The knobs are positioned for comfort and control. Includes two high carbon steel cutters: a two piece 12.7mm straight blade and a two piece 12.7mm pointed blade for final smoothing. Weighs 900g. The fence (sold separately 05P38-07) can be positioned on either side and works on both straight and curved pieces. A sharpening jig is included for sharpening the 12.7mm blades.

CODE: 05P38-01

**ONLY \$249**

### VERITAS NARROW BLADE HONING GUIDE

Upgrade your Veritas MKII Honing Guide with Veritas new Narrow Blade Honing Guide - ideal for sharpening and honing narrow blades of all kinds, in particular, chisels.

CODE: 05M09-09

**INTRO OFFER \$84**

### VERITAS PLANER BLADE SHARPENER

Normally, nicked blades will require a sophisticated grinder or a trip to a commercial sharpening service. Veritas' planer blade sharpener is designed to restore blades dulled from normal use, even if they contain minor nicks. It clamps blades 200mm wide (including hand plane blades) for sharpening on PSA backed abrasives. Just stick the abrasive to a flat surface, adjust the elevating screw until the bevel is flat on the abrasive and use it as you would any other honing guide. After basic sharpening, switch to a finer abrasive, turn the elevating screw a half turn or more and hone to a fine micro-bevel. It is easy and effective, letting you quickly restore blades that you would probably allow to become duller before sending them to a sharpening service. The jig is made of cast aluminium with brass and steel fittings. It comes with a half sheet of 15 micron (1000 grit) 3M micro-finishing film.

CODE: 05M25-01

**ONLY \$98**

**FREE POSTAGE\*** when you spend \$200 or more on orders under 28kg. See Page 3 for full details.

### KREG K4 POCKET HOLE JIG

The perfect choice for DIY users and anyone new to pocket hole joinery. Whether you're building your first set of garage storage shelves or making simple repairs around the house, this Kreg Jig can help you finish the job in less time and with far less effort than you ever thought possible. Its simple design gives you the confidence to start the project and with the Kreg K4's simple 'Drill-Drive-Done' methodology you'll actually want to finish it! Features include: removable drill guide for benchtop and mobile use, doubles as a repair tool, 1/8" incremental tool settings for materials from 1/2" to 1-1/2" thick, patented three drill guide fixed spacing on the drill guide.

CODE: KR-K4 Reg. \$154

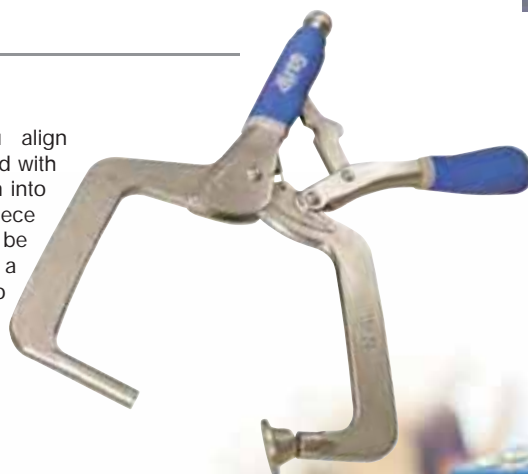

**ON SALE \$149**

### KREG RIGHT ANGLE CLAMP

Kreg's right angle clamp helps you align workpieces at 90°. The clamp is designed with a 3/8" steel pin on one arm that fits down into the pocket hole and anchors the workpiece firmly against the second workpiece to be joined. The opposite arm is fitted with a swiveling pad that automatically adjusts to your material dimensions. You finish the joint by driving a screw into the adjacent pocket hole. Also great for assembling all types of box joints.

CODE: KR-KHC-RAC Reg. \$55

**ON SALE \$49**

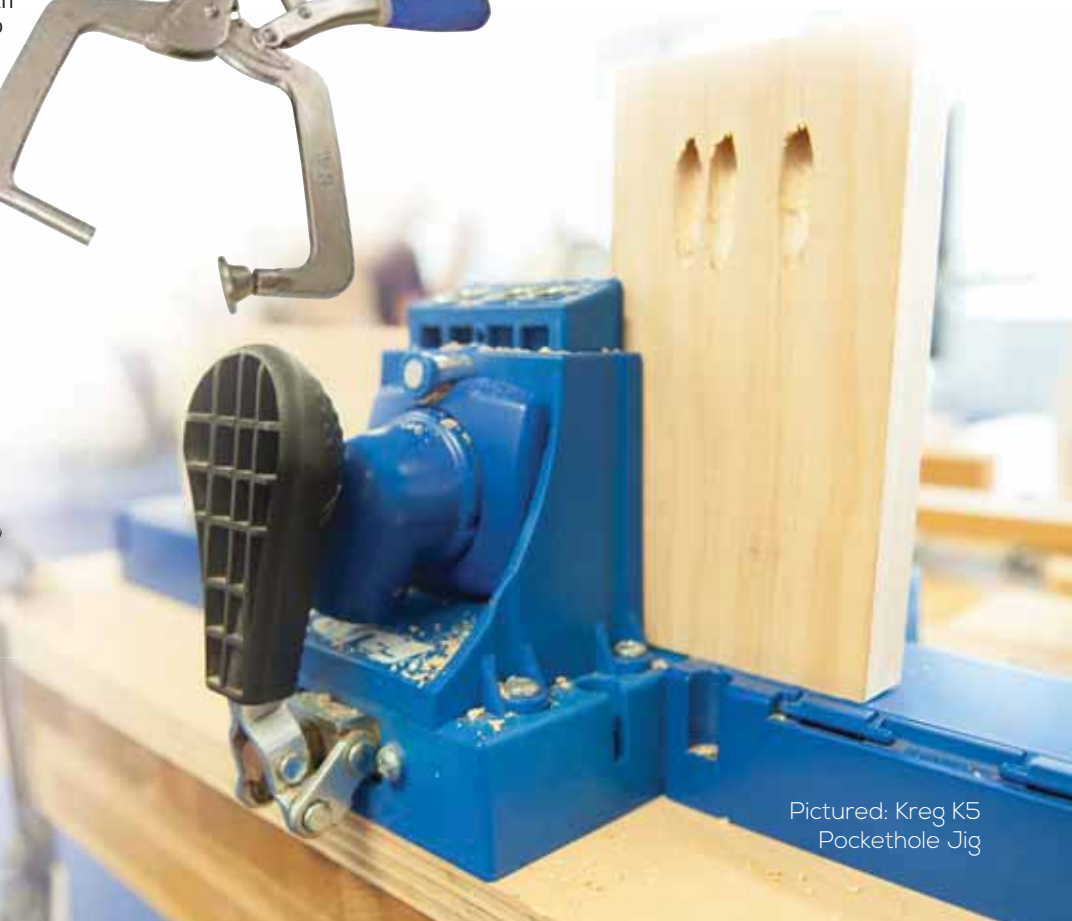

### KREG DRIVER BIT SET

3" and 6" Driver Bits for the standard Kreg Jigs

CODE: KR-DDS

**ONLY \$10**

Pictured: Kreg K5 Pocket Hole Jig

'Price Shavings' are available online, by phone on 1800 658 111 and in participating stores: Brisbane, Sydney, Melbourne, Adelaide, & Launceston.

## HEAVY DUTY DIGITAL ANGLE FINDER

Our latest angle finder that is the HD version of its predecessor with a couple of additional features. This unit is beautifully made of alloy with magnets fixed on both sides (instead of the bottom) of the screen allowing for easy fixture and reading in all situations. The extra large digital readout also has arrows that indicate which direction you are reading i.e. - left or right. This is very useful for minute angles of 1° or so which may not be ascertainable visually. Unlike others, this unit uses standard 9 volt batteries giving extra long life. The precision tool provides readings from zero to 180° to within 0.1° accuracy. Includes battery.

CODE: AFB-LD220 Reg. \$85

**ON SALE \$75**

## KREG MULTI-MARK

This is an incredibly handy multi-purpose marking and measuring tool. It's perfect for a wide variety of household and job site applications. Features three different scale configurations, a built-in level, a handy 3/16" reveal gauge and much more.

CODE: KR-KMA2900 Reg. \$33

**ON SALE \$29**

## MOISTURE METER WITH LCD DISPLAY

This meter works using the electrical resistance principle and is ideal for comparative moisture readings of common timber species and building materials. Range of 6% to 44% to an accuracy of 2% in timber. Building materials such as wallboard, drywall, plaster, mortar and concrete can also be measured to 0.05% from 0.20% to 2%. The large LCD screen is easy to see and read. 127mm long.

CODE: CT-EM4807 Reg. \$77

**ON SALE \$65**

## CARBATEC DIGITAL HEIGHT GAUGE

A premium addition to all workshops! This height gauge features a digital screen read-out with readings in metric, imperial and fractional imperial. Simply zero it on your table, then slide the arm to the top of your blade or router bit etc for an extremely accurate height reading. There is no faster, more convenient and precise way to set the height for your work. The generously oversized magnetic base gives great stability while the L-shaped contact provides reach over larger router bits. This tool can even be used to accurately set or re-calibrate the analogue scale on your saw, spindle moulder etc. Max height is 150mm. An indispensable tool for all woodworkers.

CODE: DHG-1  
Reg. \$85

**ON SALE \$79**

## METAL DETECTOR

This high performance metal detector has a folding design for portability and ease of use. The sensor head has a diameter of 135mm and will detect most metal objects that will be a danger to you or to your planer or thicknesser blades. The unit is powered by a 9v battery (included). Overall length: 395mm.

THE HOME OF WOODWORKING

# JIG MAKING

## KREG TRAK CLAMP

This inexpensive and versatile clamp works great in a variety of applications. Fits the Mini Trak, Top Trak, or HD Trak. You may also mount the clamp to a piece of wood by drilling a 1/4" (6mm) hole and then countersinking a 7/16" (11mm) hole on the underside for the bolt head.

CODE: KR-KMS7511

**ONLY \$9**

## CARBATEC SMALL HOLD DOWN CLAMPS

Made from anodised aluminum, this small clamp will hold will hold 90mm high x 70mm wide. They are designed to fit into a 1/4" or 5/16" T-track. Ideal for router tables or jigs.

CODE: CYH-912

**ONLY \$12**

## CARBATEC UNIVERSAL FENCE CLAMPS - PAIR

These fence clamps allow you to use axillary fences in conjunction with your existing fences without the clamps getting in the way. Simply drill a 3/8" hole in the top of the axillary fence and secure it with the clamps to your existing system. Excellent in a variety of situations. Sold as a pair.

CODE: CYH-373

**ONLY \$28**

## KREG L TO R TAPE METRIC - 3.5 METRES

This 1/2" (12.7mm) wide x 3.5m long self-adhesive measuring tape fits snugly into the indentation on the top side of Kreg's Top Trak and Heavy Duty Trak. This metallic tape is highly scuff resistant and can be trimmed to length with scissors.

CODE: KR-KMS7729

**ONLY \$17**

## SELF CENTERING DOWELLING JIG - METRIC

Designed for face frames or other applications where you are drilling two holes. This design has removable bushings that allow you to drill two holes of the same size without moving the jig. The holes are on 3/4" centre and the bushings and centre section are made of hardened drill steel. They are also plated for rust protection. Comes with pairs of 6, 8 and 10mm bushings.

CODE: DJ-1M

**ONLY \$67**

## KREG SHELF PIN JIG + 5MM DRILL BIT

If you're adding shelf pin holes to an existing piece of furniture or building shelves from scratch, the Kreg Shelf Pin Jig is the perfect tool for the job. Unlike other shelf pin guides, the Kreg Shelf Pin Jig features hardened steel drill guides which ensure precise and straight drilling, so you get solid 4-corner secure shelving. This jig places holes 32mm on centre. This Kit includes both a standard 1/4" Drill bit and the optional 5mm Drill Bit.

CODE: KR-KMA3200-PK Reg. \$67

**ON SALE \$59**

## MITRE/JIG BAR 450MM (18") ANODISED

Use these handy mitre bars to aid the sliding action of custom jigs and fixtures. Nylon set screws allow perfect adjustment in 3/4" x 3/8" mitre gauge slots. Colour may vary from shown.

CODE: CYH-987

**ONLY \$29**

# FLEXX-RAP

## FINGER PROTECTION WRAP

Flexx-Rap is the most innovative finger protection tape that helps prevent damage to hands and fingers in completing repetitive work. This heavy-duty, waterproof wrap is a cross between a miniature elastic bandage and a stretchy, fabric-like surgical tape. Flexx-Rap has the comfortable feel of a second skin while still allowing your skin to breathe. While providing excellent protection, it also gives the essential flexibility and dexterity to your fingers and hands.

- Durable finger protection
- Heavy-duty, flexible fabric
- Breathable comfort
- Abrasion resistant
- Waterproof design
- No gummy residue

THE HOME OF WOODWORKING

# TORMEK®

## Sharpening Innovation

### TORMEK T7 SHARPENING SYSTEM

Tormek's T-7 model improves on the accuracy and safety of its predecessor the T-2006 thanks to two innovations - a Square Edge Jig and a Truing and Dressing Tool with screw feed. Conventional jigs require you to align the tool in the jig with mounting screws which is time consuming and you lose the exact repeatability at each sharpening. The new Tormek Square Edge jig solves this problem and the chisel will be ground square; i.e. at 90° each time without any adjustments. This is achieved because the jig automatically aligns the chisel to its flat, machined face. The jig copes with blades up to 76 mm or 3" in width. The new Square Edge Jig SE-76 has safety stops, which prevent the tool from slipping off the stone. The other development is a Truing and Dressing Tool TT-50 with screw feed. The T-7 includes a Stone Grader, Truing Tool, AngleMaster, Honing Paste and comprehensive Tormek Handbook on sharpening.

CODE: TOR-T7

**ONLY \$995**

### TORMEK KNIFE JIG

This Knife Jig has a minimum blade length 60mm. Knives sharpened with this jig should be fairly rigid. Can also be used for drawknives.

Receive this knife jig when you purchase with a T-7 System.

# PLANO VERTICAL GLUE PRESS

## Designed for perfect joints!

With a perfectly balanced pressure across all four surfaces, the Plano System guarantees optimal results. The unique features of Plano are created by the ingenious linking arms, which divide the pressure amongst the four surfaces. When the pressure on the lower and the upper press-plate increases, the sideboards are automatically forced towards the wood.

## Benefits of the Plano Clamps

- Applies equal pressure on all four surfaces to achieve perfect joints
- The vertical system provides workshop space-saving
- Prevents the glue from sliding to one side of the joint
- Easily glues very thin boards

Turned bowls by Allan Short - Carbatec Brisbane  
Christmas decorations by Bruce Sharp - Carbatec Melbourne

## PRICE SHAVINGS

'Price Shavings' are available from 1st - 30th November 2015 via our online store at [www.carbatec.com.au](http://www.carbatec.com.au), via phone orders by calling 1800 658 111 or at the following participating stores only: **BRISBANE, MELBOURNE, SYDNEY, ADELAIDE & LAUNCESTON.**

This catalogue includes both Clearance/Runout items and Special/Discount offers.

\*Products labeled as 'Clearance' are available only while stocks last - sorry no backorders. Special/Discount offers are available on back order if stock runs out during the sale period. Items listed as Dangerous Goods are restricted to shipping via Road Freight only and may incur additional postage charges. These items are not eligible for delivery by Australia Post. Errors and Omissions Excluded: Whilst we work to ensure information in this catalogue and our website is accurate and correct, occasionally, an error may occur and goods may either be incorrectly described or incorrectly priced. Please review our policy at [www.carbatec.com.au/howto](http://www.carbatec.com.au/howto)
