

**Ambersil**

## AMB-NOSIL-500ML NON-SILICONE MOULD RELEASE AGENT

### HEAVY DUTY

**A heavy duty, wet, non-silicone mould release agent, formulated to provide excellent release characteristics on a wide range of thermoplastics and rubbers.**

**It is designed to give fast, efficient and clean release with faithful reproduction of the mould profile, however complex the mould or minute the detail.**

Ambersil Non-Silicone Mould Release Agent penetrates and spreads to all parts of the most intricate moulds to give full, clean release whilst the dry film will not affect profiles or interfere with precision fits. Applied film has excellent adhesion, is non-staining, will not transfer to product and can be safely used without fear of blemish or any adverse effect on subsequent finishing operations.

**NOTE:** As an aerosol spray, this product is classed as DG (Dangerous Goods) when shipped.

### KEY FEATURES
